I'm HAVUGMINA Claude, a graphic designer, with more than 4 years of experience creating and maintaining digital assets, such as graphics, interface design, software installation. As a graphic designer, your function is to visually communicate messages, ideas, and concepts through the creative use of typography, imagery, color, and layout. You transform abstract ideas into compelling visual assets, ranging from logos and branding materials to advertisements, websites, and packaging. Your role involves understanding client needs
